

Beverly Tabor, MD *North East Regions Area VIII*

I am running once again for the position of Director from the NorthEast Region. I came into the POA world in 1990 and fell in love with the breed. I have served as the director from this region for the past few years. I have seen the decline of our breed in this region and feel now that I am retired, I will have more time to devote to kick starting this

region again. POA faces the same challenges as other breeds, and we need to actively market our animals as the true family animal. The adding of the adult program and the non pro are a great start but we still need to refine this and attract more with what we have to offer. I feel there are some rules in our club that need to be looked into to see if

they still meet the needs of this club going forward. As with most things in life, what we have always done is not necessarily what we should continue to do in the future. I will bring to the job a renewed commitment to helping make this breed the ultimate breed for the entire family.
